HOTELS 2007 - 2008

HOTEL INDIGO SCOTTSDALE, ARIZONA

This comfortable, ultra-modern hotel, created in May 2006, is located in trendy downtown Scottsdale, within walking distance of numerous bars, restaurants and night clubs.

In many ways, there is no better example of how a good value three-star hotel should look and feel, with the minimum of fuss and with outstanding room features. Throughout the new, 100% smoke-free Hotel Indigo, design elements appeal to your passion, intellect and senses.

126 non-smoking rooms (including 9 suites) have modern, funky decor, over-sized beds, fluffy, over-sized pillows and cozy duvets. Warm hardwood floors are in every room, together with such thoughtful touches as CD players, flatscreen T.V.'s, a very comfortable work area and complimentary wireless High Speed Internet throughout the hotel and in the guest rooms. The 21st century bathroom is such a refreshing change to the usual, without the usual miniature tubs and instead featuring a glass, spa-inspired shower, Aveda toiletries and plenty of fresh towels.

An inviting lobby and a small, stylish social area welcome you into the property. You can relax and enjoy the quick service bistro at "The Golden Bean," which serves Starbucks coffee. In the evening, you will feel welcome in the Divine Lounge and Terrace, which has a modern nightclub-style feel, menu choices such as fresh salads, pizzettas, Panini sandwiches and other entrees, together with a fully stocked bar.

There is also a, well-equipped gym, with state-of-the-art cardio fitness equipment and personalized 15" LCD televisions, as well as a full range of strength-training equipment and free weights. The gym is open 24 hours.

This is an ideal place for Jenahura clients looking for a modern, basic hotel in a great location, who want to be in a busy, exciting part of Scottsdale, enjoying the post-golf nightlife and a short walk back to their exceptionally comfortable hotel.
